Time-Saving Convenience: A great all-around electric pressure rice cooker that can cook GABA rice, brown rice, porridge, ferment bread and baking and other types of rice grains. For added convenience it has voice navigation in English, Chinese, Korean.

Faster, Smarter Cooking: Features Fuzzy Logic and Intelligent Cooking Algorithm, our 6-cup rice cooker expertly detects grain type, temperature and cook time! Utilizing induction heating, your favorite dishes are ready in no time without the guesswork.

Professional Quality: X-wall marble inner bowl brings optimal temperature and heat distribution throughout your food. Non-stick non-scratch surface allows for an easy clean up. The premium inner bowl is designed for durability, strength and longevity.

Safety First: We went the extra mile to ensure our electric rice cooker is as safe as it is easy to use! With automatic steam and pressure emission, a lid locking device, auto temperature control, we're putting your safety first.

Trusted Brand: With 40 years of experience Cuckoo has perfected the art of cooking rice. Join the Cuckoo community and enjoy your perfectly cooked rice, prepared in no time in your streamlined, stylish rice cooker that will compliment any kitchen.
